# Our Vision, Mission and Core Values

## Vision

To be the World's Leading Power Company, Energizing India's Growth

## Mission

Provide Reliable Power and Related Solutions in an Economical, Efficient and Environment friendly manner, driven by Innovation and Agility

## Core Values

Integrity, Customer Focus, Organisational Pride, Mutual Respect & Trust, Innovation & Learning, Total Quality & Safety

Govt. of India enterprise with **47 years experience** in power sector;

Presence in Thermal, Hydro, Solar, Wind, Hydrogen, Biomass, Waste to Energy, Coal Mining;

**Developed** projects of capacity **69GW**, **78 Projects** and **Coal Mines**;

**Target to reach 130GW** by 2032 with **60GW** from RE;

In-house expertise providing end-to-end power plant solutions:

- Engineering & Project Management;
- Procurement;
- Erection, Testing and Commissioning & O&M;

Pool of around **~19600** competent, experienced **manpower**;

**Strong financials:**  
**\$15.8 Bn** revenue in FY-22;  
**\$16.5 Bn** net worth;  
**\$2.1 Bn** Profit;

# Performance Highlights

Group installed capacity of 69,134.20 MW ; generation of 360+ BUs in FY'22

Generating 24% of India's power with 17% Installed Capacity

Total income crossed ₹ 1.2 Lac Cr mark in FY'22

Added 3371 MW of commercial capacity in FY'22

8 % of generation fleet is carbon free, target to achieve 60 GW of RE by 2032

Implementing "The Brighter Plan 2032" to improve ESG performance

1<sup>st</sup> Energy company across globe to declare Energy Compacts at UN

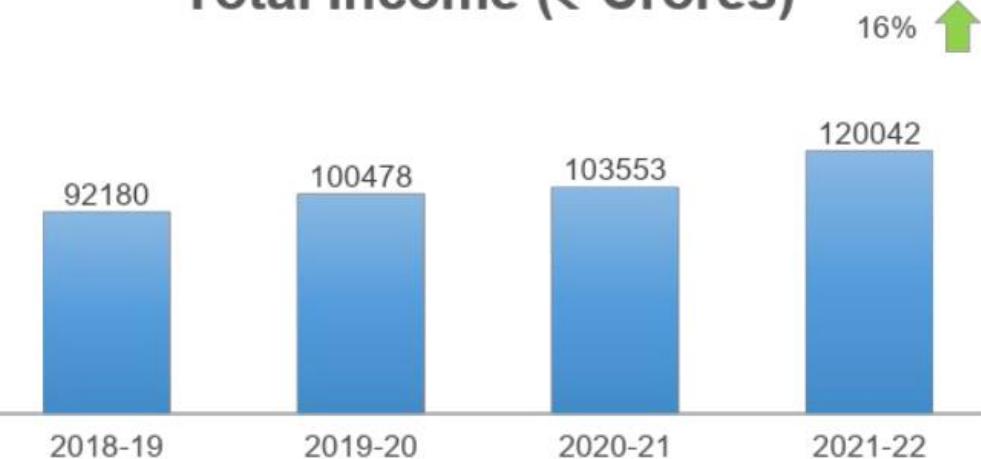

Co-founded "Global Alliance for Sustainable Energy" with 16 global energy players

# Strong Financial Performance

**Total Income (₹ Crores)**

**Profit (₹ Crores)**

# Awards & Recognitions

NTPC recognised as "Sustainable Organisation" at The Economic Times-Sustainable Organization Awards 2022 function held in Mumbai on 29th June, 2022

# Awards & Recognitions

**Team Marksmen in association of India Today Recognized  
NTPC as one of the**

**'Most Preferred Workplaces of 2022'**

**for maximizing employee well being, engagement & productivity  
alongside organizational performance.**

NTPC has been awarded

Leadership in Air  
Pollution Management  
award

at the ESG India  
Leadership Awards 2021.

# Awards & Recognitions

**'Role Model' Award at 11th CII National HR Excellence Award**

**CII- ITC Sustainability Award-2021 to 5 NTPC stations**

**Excellent Rating from MOP, GoI**

**"Company with Best CSR Practice Award" in 8th Asia Business Responsibility Summit**

**NTPC among top 50 @Great Place to Work in India - Recognised as the Nation Builders 2021**

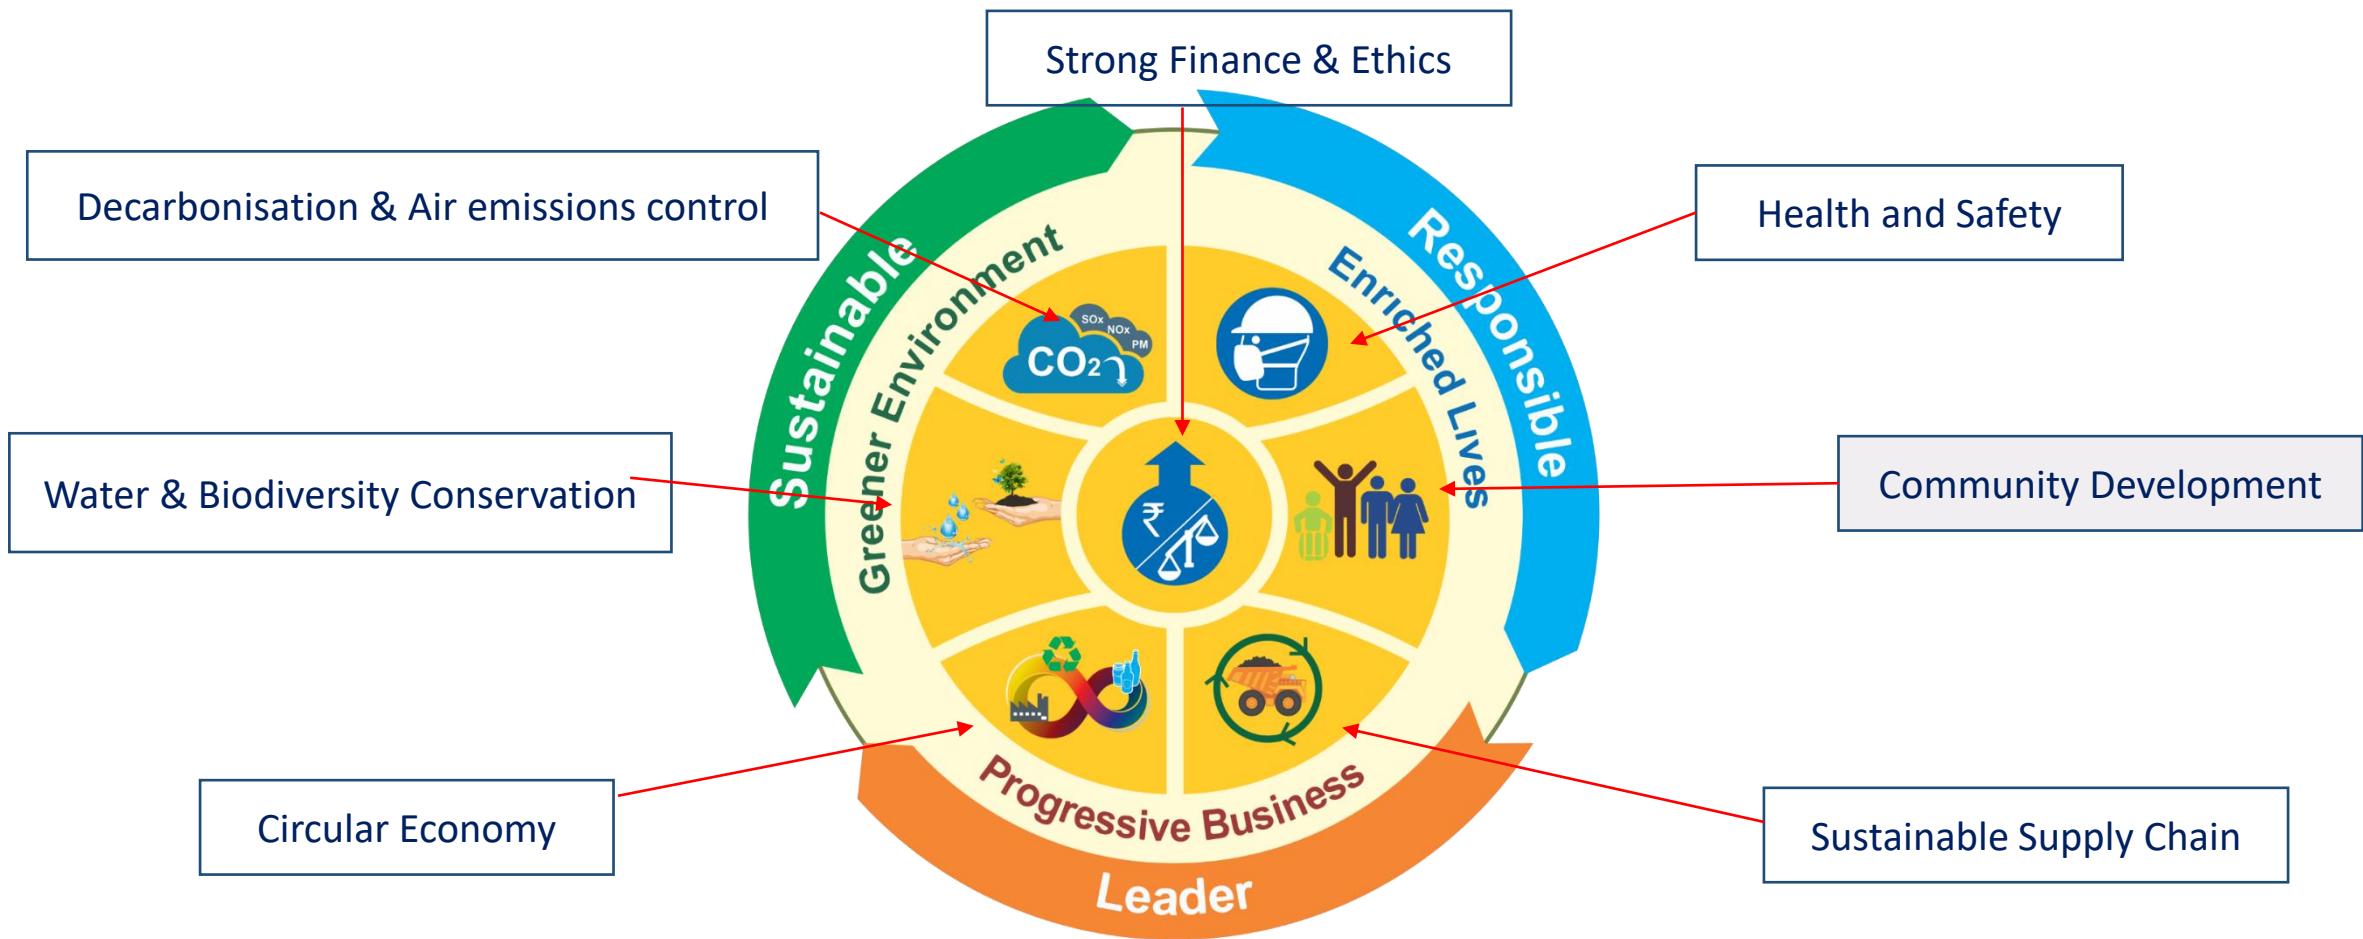

**Digital PSU Award to NTPC at the 8th PSU Award 2021**

# ESG: Disclosures & Engagements

- ❑ Publishing Sustainability Reports as per the latest GRI frameworks since FY2012
- ❑ 3<sup>rd</sup> Integrated Annual Report published in FY' 22 as per IIRC & GRI framework
- ❑ Expanded the boundary of reporting with inclusion of all JVs & Subsidiaries since FY2020
- ❑ Conducted fresh Materiality Assessment in FY'22 with internal and external stakeholders
- ❑ Timely responding to DJSI, CDP questionnaires and other queries of concerned stakeholders
- ❑ Regular follow-ups and discussions with leading ESG Analysts and rating agencies
- ❑ ESG Profile for specific ESG disclosure as per prominent platforms such as SASB, CDP etc.

# ESG: Strategy & Internal Controls

► The Brighter Plan 2032 ◀

Aligned to core business strategy, 26 KPIs of 7 focus areas on Economic, Social and Environmental fronts

# NTPC ESG Policies

## Environment

- Biodiversity Policy
- Environment Policy
- Integrated Plastic Management Policy
- NTPC Rainwater Harvesting Policy
- Ash Policy
- E-waste Policy
- Water Policy
- Waste Management Policy

## Social

- Sustainable Supply Chain Policy.
- CSR policy
- NTPC Human Rights Policy
- ICD Policy
- R&R Policy
- Safety Policy
- Disaster Management Plan

## Governance

- Fraud Prevention Policy
- Whistle Blower Policy
- Complaint Handling Policy
- CDA Rules
- Code Of Conduct For Board Of Directors and Senior Management Personnel
- Related Party Transaction Policy
- Training Policy for Directors
- Policy on maintenance & preservation of documents

<b>Total</b>	<b>4130</b>	<b>7220</b>	<b>192</b>	<b>11542</b>	<b>6743</b>

NTPC is taking various steps to make its energy portfolio greener by adding significant capacities of Renewable Energy(RE) Sources. By 2032, the company plans to have a minimum of 60 GW capacity through RE sources constituting nearly 45% of its overall power generation capacity.

## Becoming RE Behemoth: Ultra Mega Renewable Energy Power Parks (UMREPP)

UMREPP	Capacity (MW)
Gujrat	4750
MP	630
Rajasthan	10000
Other proposed UMREPPs	
AP	4000
Maharastra	2500
DVC	2000
Maharastra Floating Solar	140
<b>T O T A L =</b>	<b>24,020 MW</b>

NTPC Renewable Energy Limited signs MoU with Government of Rajasthan for the Development of 10 GW Ultra Mega Renewable Energy Power Parks (UMREPP) in Rajasthan on 1.07.2022

*To reach leadership position in green hydrogen technologies*

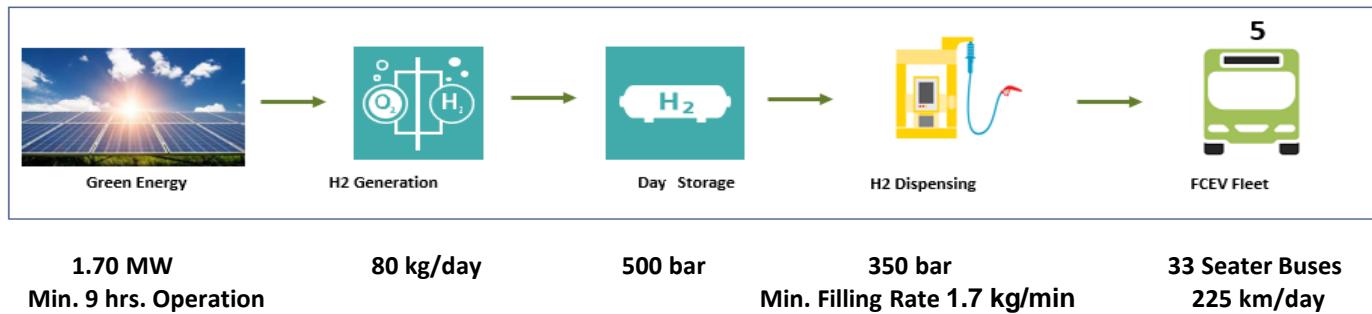

*By 2030*

*6 Domains, 5 GW Electrolysers, 0.65 MMTPA Green H<sub>2</sub>*

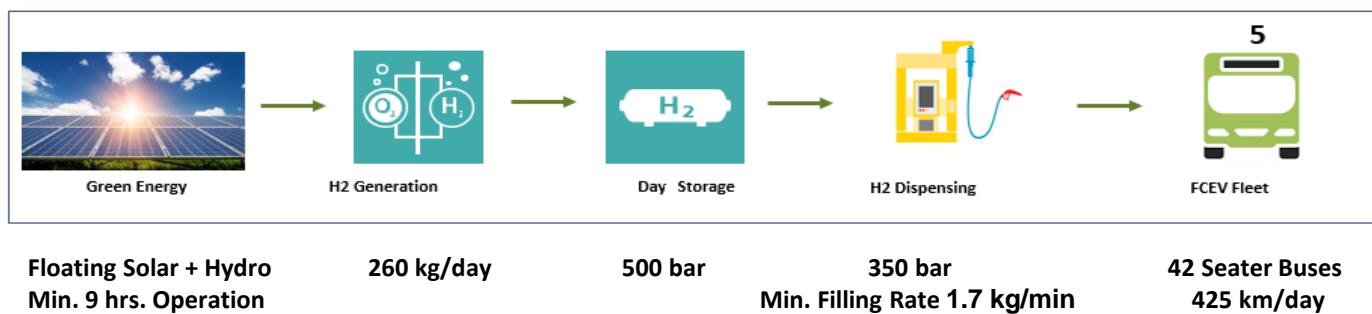

# GREEN HYDROGEN – MOBILITY

## Mobility | Leh (Ladakh)

- Implementation is in progress
- ₹56 Cr. (\$7.3 Million) – 1.7 MW Solar & Fuelling Station – 80 Kg/day)
- ₹19 Cr. (\$2.4 Million) -05 FCEV Buses
- Route: Intracity @ Leh
- 3500m + MSL, Sub-zero temperature for more than 5 months

## Mobility | Delhi

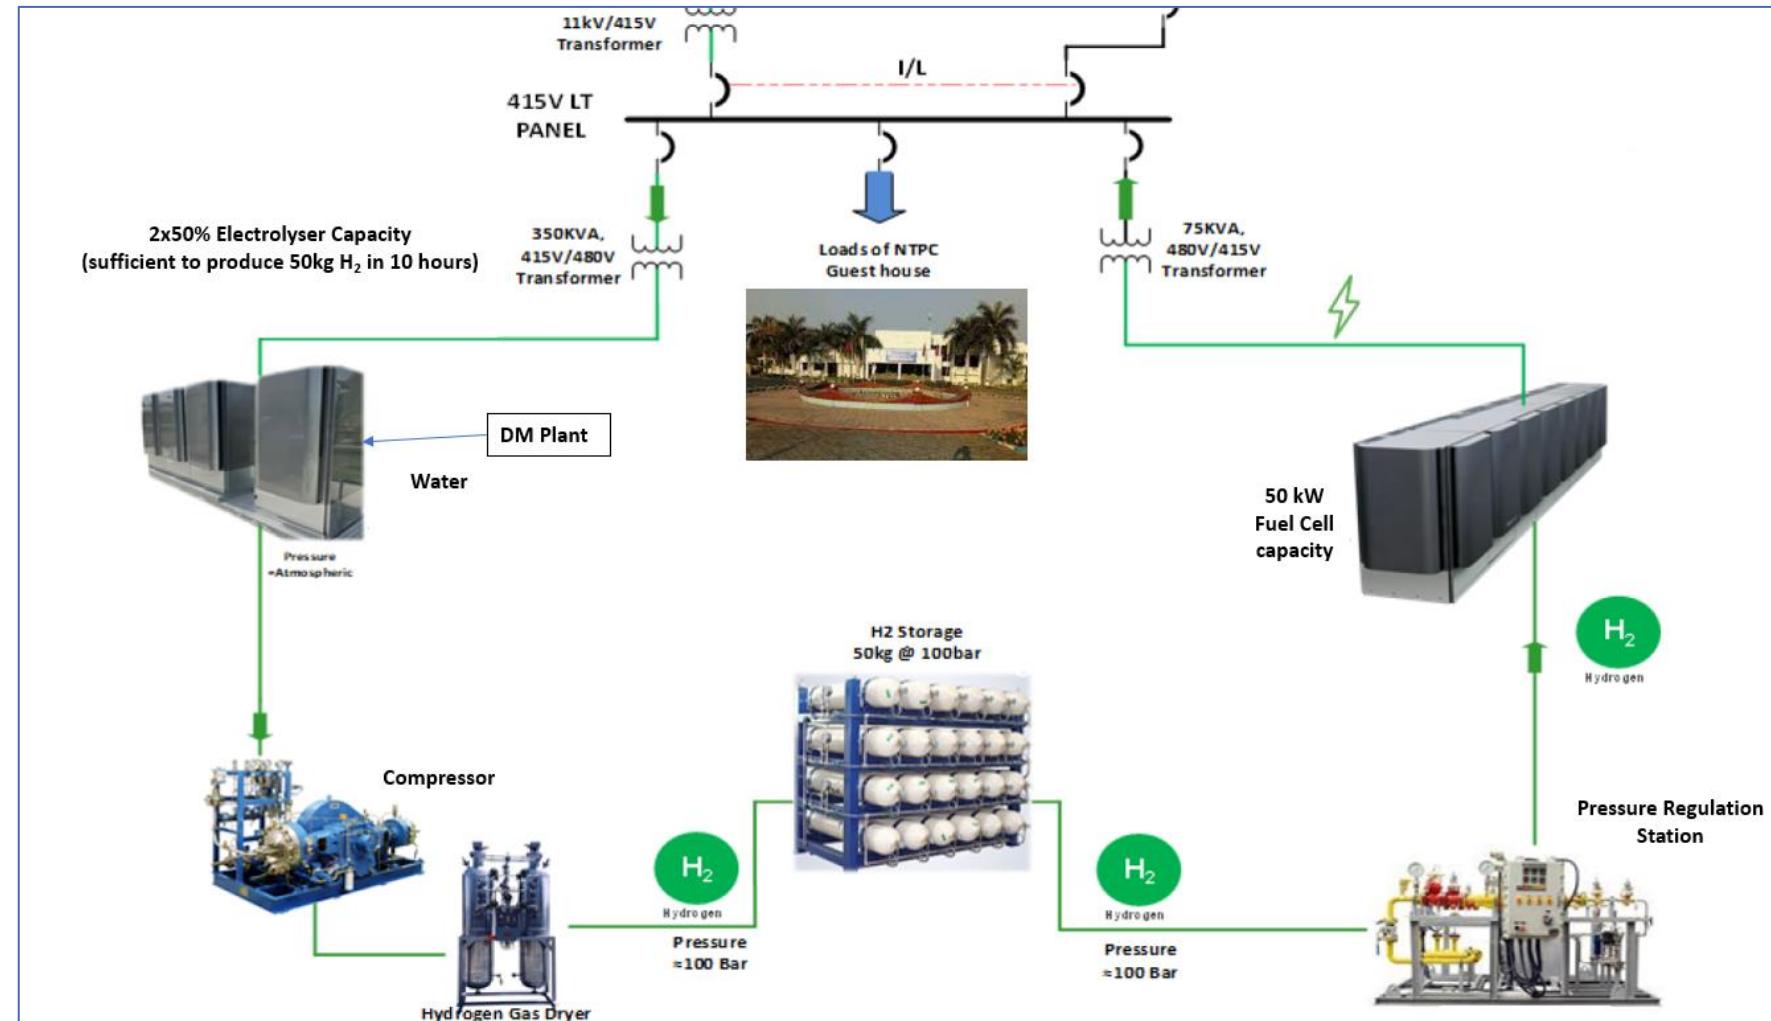

- Proposal is in progress
- Cost: ₹65 Cr. (\$8.5 Million) -Fuelling Station 260 Kg/Day
- ₹22 Cr. (\$2.6 Million) -05 FCEV Buses
- Route: intercity applications
- 200m + MSL, 5-45 °C

# GREEN HYDROGEN – MICROGRID

- Green Power from Solar project
- Electrolysis (240 KW)
  - Hydrogen – 50 kg/day  
10 hours (7AM to 5PM)
- Hydrogen Storage
  - 50 kg @ 100 bar
- Fuel Cell
  - 50 KW  
14 hours (5 PM to 7AM)
- Project
  - Cost: ₹11 Cr. (\$1.5 Million)
  - Implementation stage
  - Completion by Oct'22

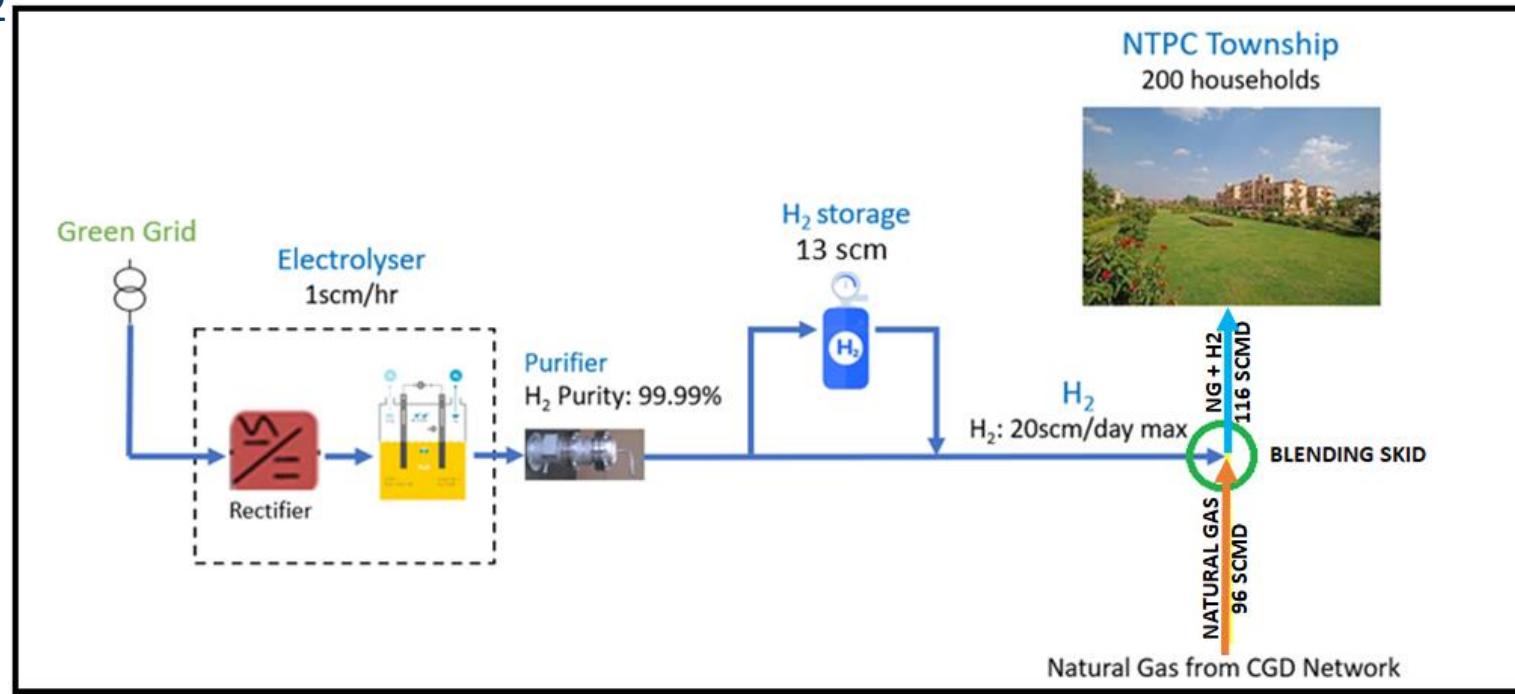

Hydrogen Energy Storage System | Simhadri (Visakhapatnam)

# GREEN HYDROGEN – BLENDING

- Collaboration
  - NTPC & Gujarat Gas Limited
  - Contract awarded on 2<sup>nd</sup> June'22
- Blending H<sub>2</sub> with PNG
  - 5-20% by volume
- Power (NTPC Kawas)
  - Floating Solar Plant (1MW)
- Electrolyzer
  - Hydrogen – Min 1Nm<sup>3</sup>/hr.
- Hydrogen Storage
  - 13 Nm<sup>3</sup>, Min. 10 bar
- Project
  - Cost (pilot) - ₹2.83 Cr. (\$0.37 Million)
  - PNGRB – Go ahead approval
  - Hazop Study and Designing phase

## Hydrogen Generation and Blending System for PNG (200 Households at Kawas Residential Facility)

## Upcoming Blending Project

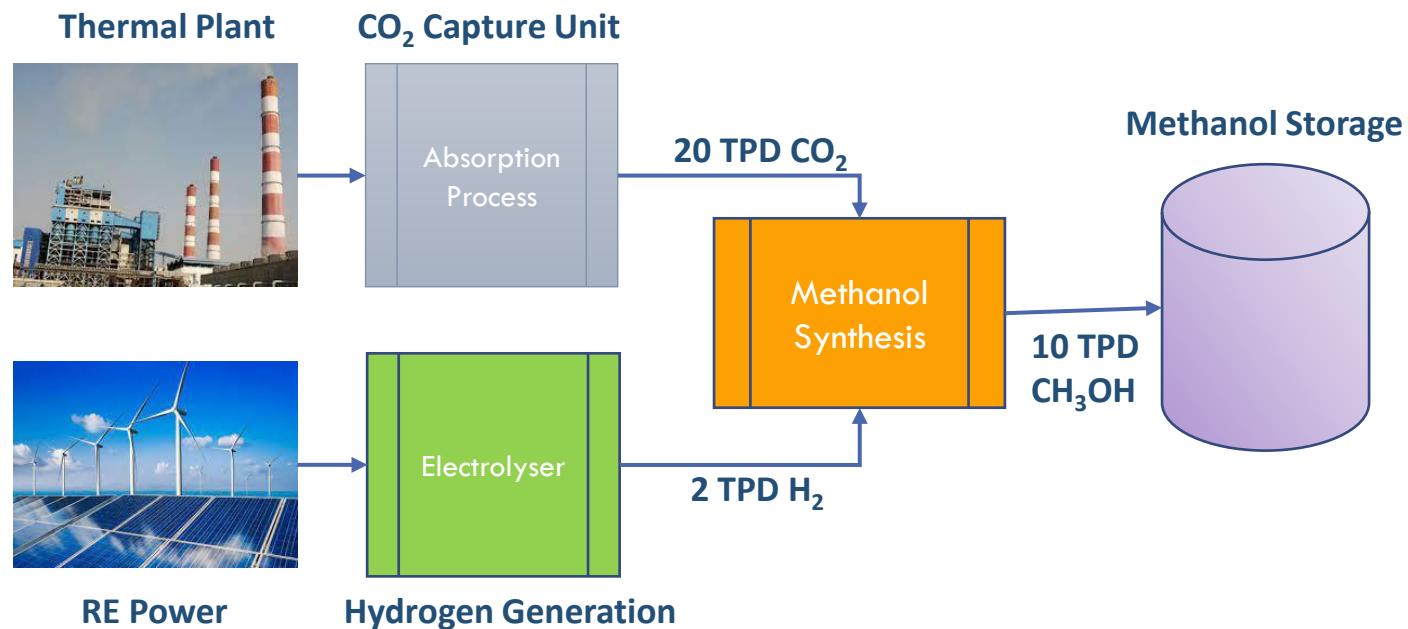

- NTPC Solapur and Solapur Town
- NTPC Ramagundam

# GREEN METHANOL

## Methanol: 10 TPD Flue Gas - CO<sub>2</sub> to Methanol Plant (FG-CTM)

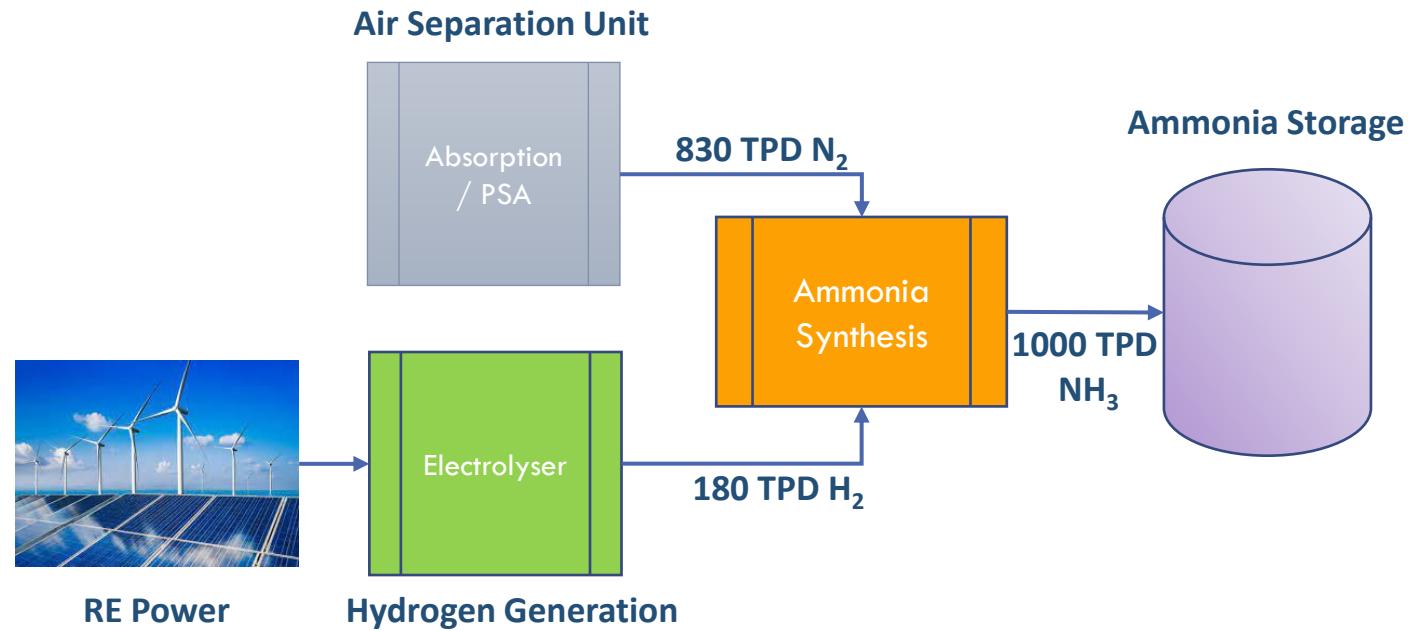

- Location: NTPC VindhyaChal, MP
- Carbon Capture Unit
  - 20 TPD CO<sub>2</sub> from thermal plant flue gas
  - Energy efficient amine absorption process
- Hydrogen Generation Unit
  - Generating 2 TPD Hydrogen
- Methanol Production Unit
  - Conversion of CO<sub>2</sub> to Methanol
  - Catalytic hydrogenation process
- Project
  - Cost: ₹66 Cr. (\$8.6 Million)
  - Under implementation

# GREEN AMMONIA

## GREEN AMMONIA: 1000 TPD

- Location: Bhuj, Gujarat
- Air Separation Unit
  - Generating 830 TPD Nitrogen
  - Absorption/PSA process
- Hydrogen Generation Unit
  - Generating 185 TPD Hydrogen
- Ammonia Production Unit
  - Haber Bosch process
- Project
  - Estimated Cost: ₹9000 Cr. (\$1.2 Billion)
  - DPR Study is in progress

**NTPCREL & NFL to collaborate in  
Renewable Energy and  
synthesizing Green Ammonia to  
support the country's  
commitment to achieving  
renewable energy targets and  
reduce greenhouse emissions.**

# GREEN HYDROGEN – ELECTROLYSER

## SELECTION OF ELECTROLYSER TECHNOLOGY PROVIDER(S)

- PEM Technology: **400 MW**
- Other/Non-PEM Technology: **600 MW**
- Design, engineering, manufacturing, supply, packing and forwarding, custom duties, insurance, transportation (Ex India), storage, installation, testing, commissioning, trial operation, PG test and O&M of electrolyzers-based hydrogen generation plant
- Period: 2 years

Description	Tender Details
ETS Portal Tender Search Code (TSC)	NTPCREL-2022-TN000013
IFB No. and Date	NRE-CS-5851-004-9 02.06.2022
Period of Downloading of Bidding Documents	From 09.06.2022 to 30.06.2022
Price Bid Conference and Last Date for receipt of queries from prospective Bidders	06.07.2022
Last date and time for receipt of Techno-commercial bid	20.07.2022 17:00:00 (IST)
Date and time for opening of Techno-commercial bid	21.07.2022 11:00:00 (IST)

# Co-firing of Biomass with Coal

**8000 MT bio-mass pellets has co-fired with coal at NTPC Plants .**

POs placed for 12.35 LMT for 20 stations of NTPC.

4110 TPD pellets has been awarded out of which 1320 TPD is non-torrefied.

**Procurement for 7 years is in progress.**

- No of Projects : 23 Projects
- Total Qty : 92 MMT
- In first lot : Bid floated for three NTPC stations & APCPL Jhajjar for 9.2 MMT  
(NTPC Stations – 7.36 MMT & APCPL Jhajjar- 1.84MMT)
- Nos. of bidders participated: 52
- Techno Commercial Evaluation Completed, 40 bidders were considered techno commercial responsive.
- Price bids for Dadri has been opened and Award is under progress

# NTPC's Afforestation Programme

In tune with NDC-2030 of creating an additional carbon sink of 2.5 to 3 billion tonnes of CO<sub>2</sub> equivalent through forest and tree cover by 2030.

NTPC decided to create additional sink by planting 10 million trees across the country during 2016-17 as well as 10 millions in next ten years.

►Plantation till 2021-22 since inception (NTPC/Govt. Lands) : More than 37 Million saplings

✓ **2022-26 @1 Million/ year** : **4 Millions**

# Afforestation with Miyawaki Method

**TREE PLANTATION  
MIYAWAKI METHOD  
NTPC  
RAMAGUNDAM/TELANGANA**

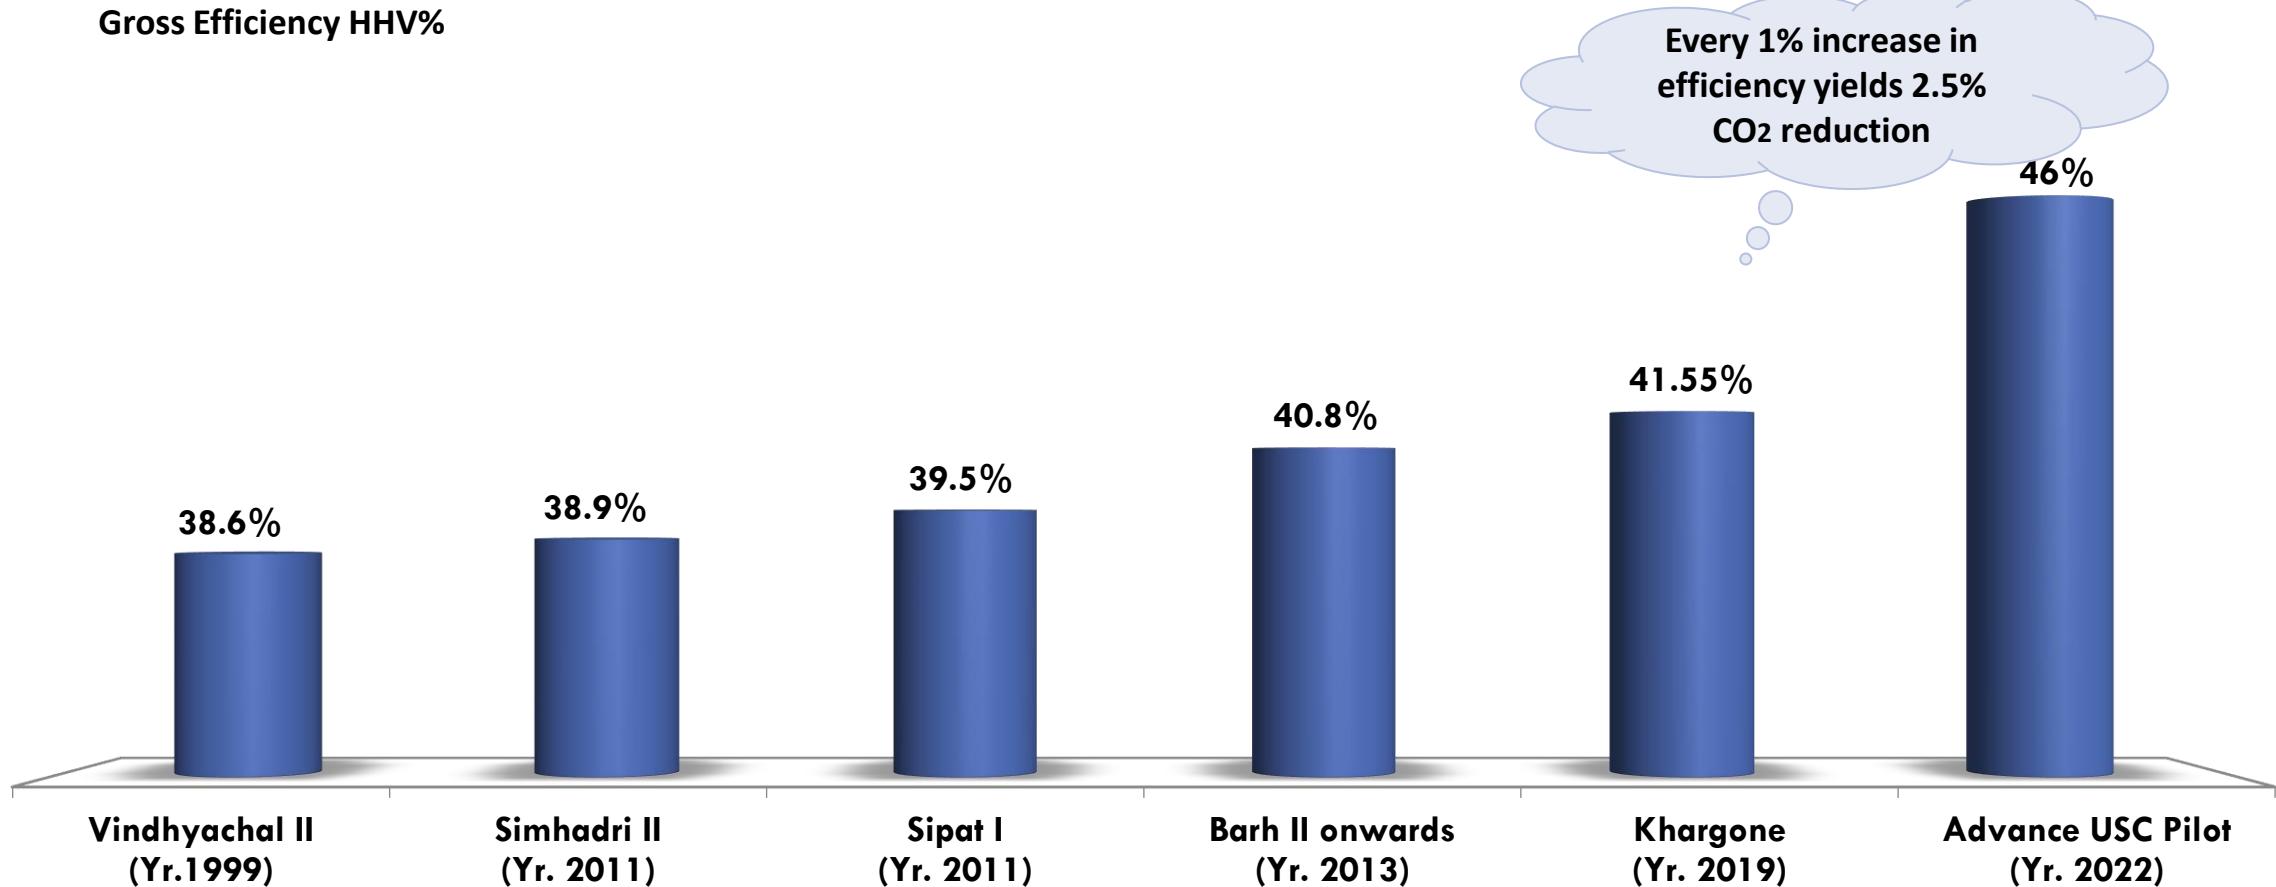

# NTPC's new initiative towards Afforestation with Miyawaki Method

Flowering AND Fruits

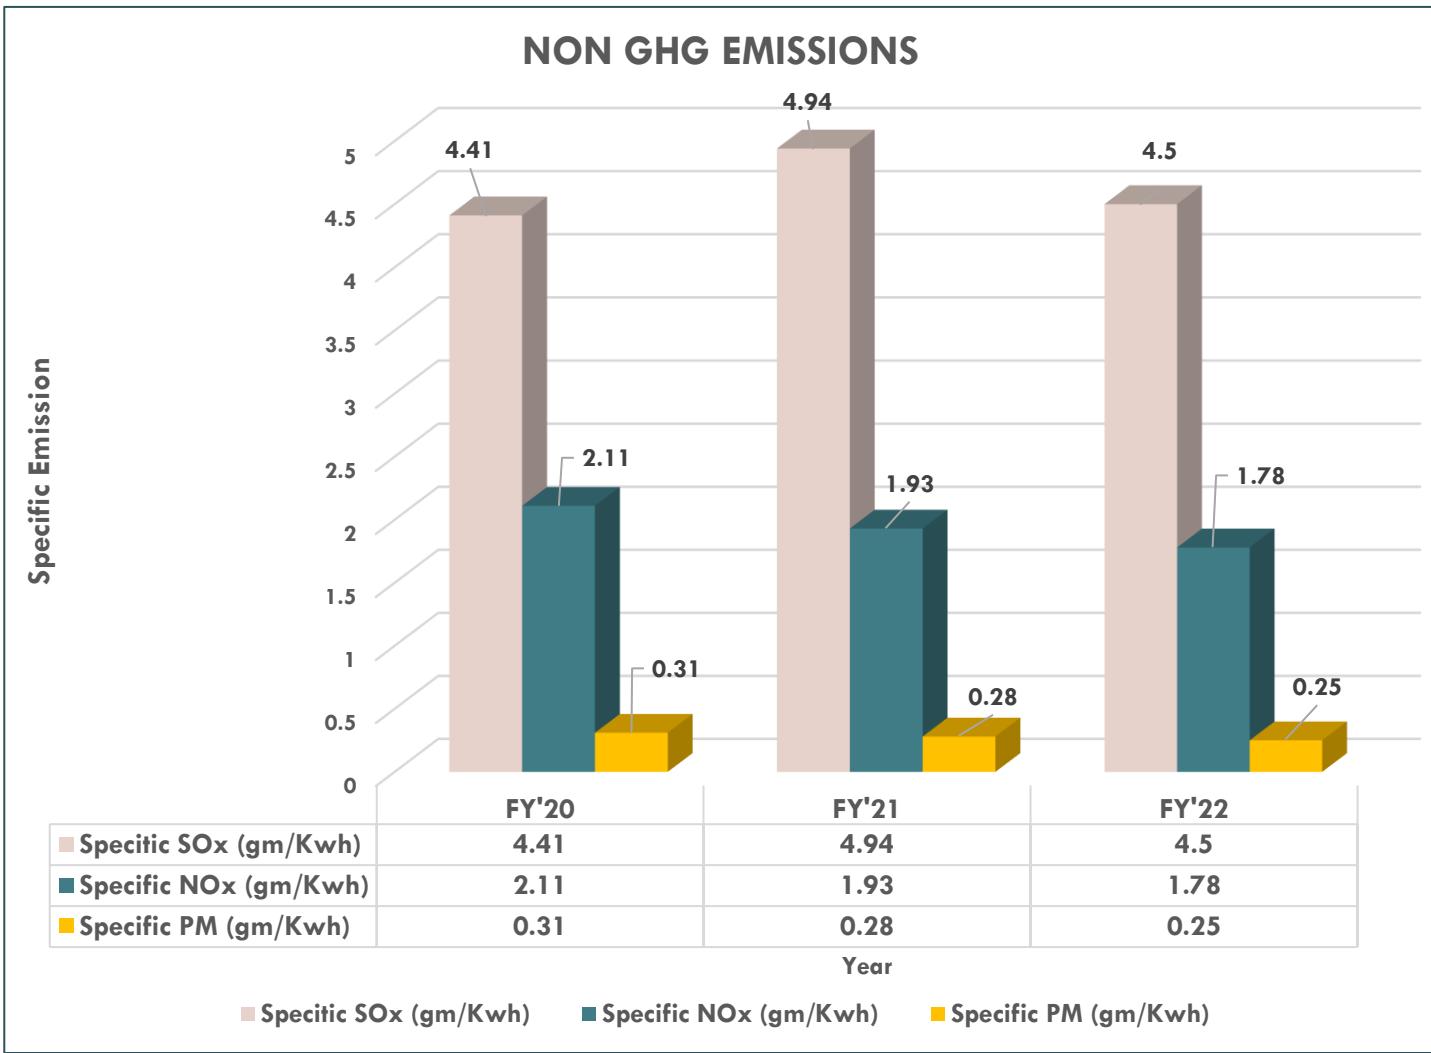

# Adoption more efficient technology with Time

Constant endeavor to reduce CO<sub>2</sub> emissions- steps to increase cycle efficiency

# Non-GHG Emissions

## SPM COMPLIANCE :

- ESP R&M completed in 12100/15960 MW.

## SO<sub>2</sub> COMPLIANCE :

- FGD including DSI Commissioned in-1340 MW (U#13 VSTPP, DSI in Dadri St-I.). FGD under various stage of Erection and Commissioning in 60+ GW capacity.

## NO<sub>x</sub> COMPLIANCE :

- Modification completed in – 13295/21560 MW.

As per Notification Dated 31.03.2021 of Ministry of Forest & Climate Change , timeline for implementation is upto 31.12.2024

# FUGITIVE DUST CONTROL

**Plantation— Coal Pile area**

**Water Cover in Charged Lagoon**

**Wind barriers & Earth Cover**

**Plantation in Ash Dyke area**

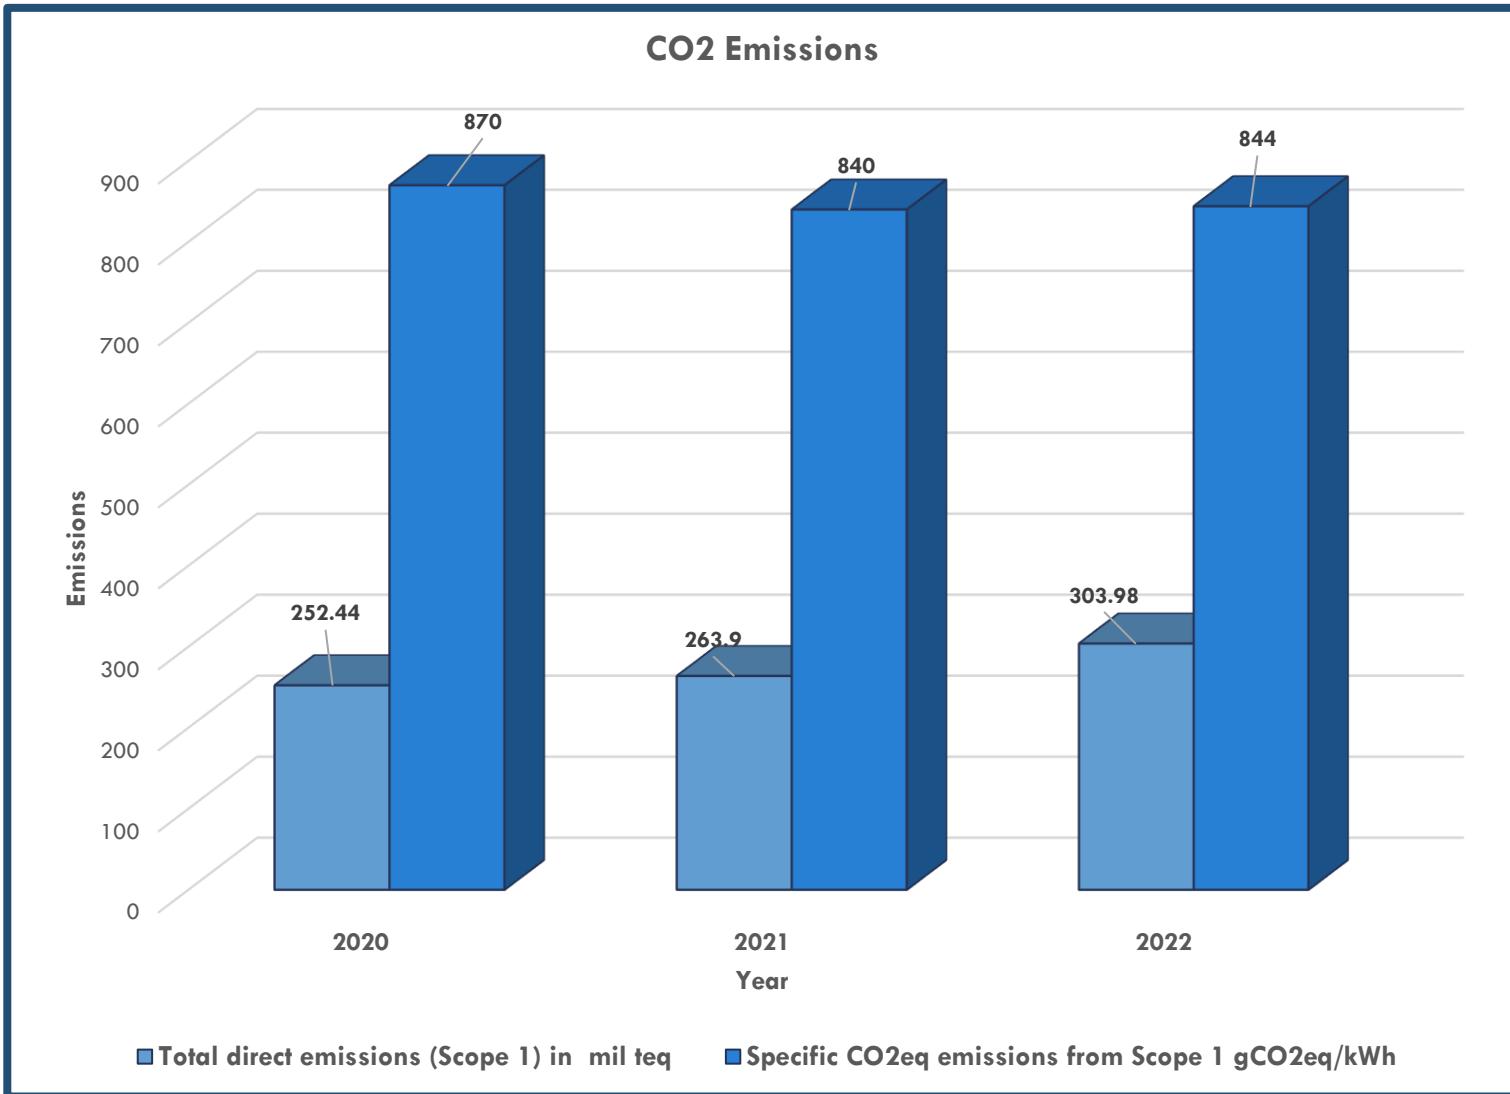

**Water Sprinkling in Ash Dyke**

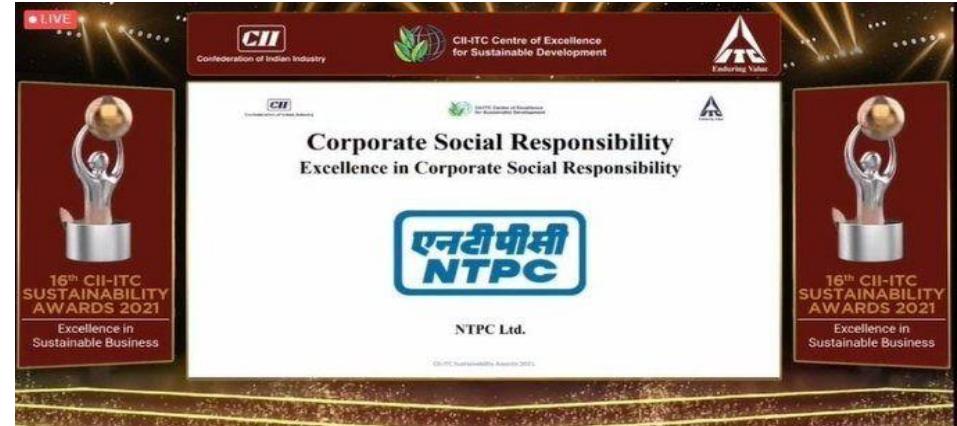

**Cow Dung Mulching**

# GHG Emissions

# Community Development

# Community Development

Cancer Screening, Bihar

Girl Empowerment Mission

Archery

MSW Plant, Karsada

Skill Development

Farm Productivity, Rihand

## Highlights

**GEM :** ~ 4700 girl children have been benefited so far.

Developing Archery sport from grassroot level: expenditure of ₹ 115 Crore in 5 years.

PM CARES Fund for COVID-19:

- 2022-23: ₹ 80 crore
- 2021-22: ₹ 80 crore
- 2020-21: ₹ 250 Crore

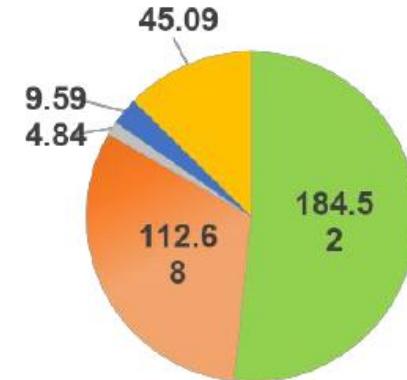

Installed PSA type O<sub>2</sub> generation plants at various Govt. hospitals

Support to DPE for procurement of items for cold chain program for

FICCI Award

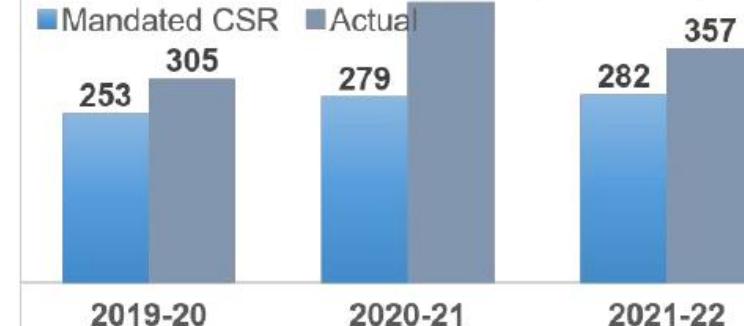

## CSR Expenditure 2021-22 (in ₹ Crs.)

## Focus Areas

- Health
- Education
- Sanitation
- Water
- Other

## CSR Expenditure (in ₹Crs.)

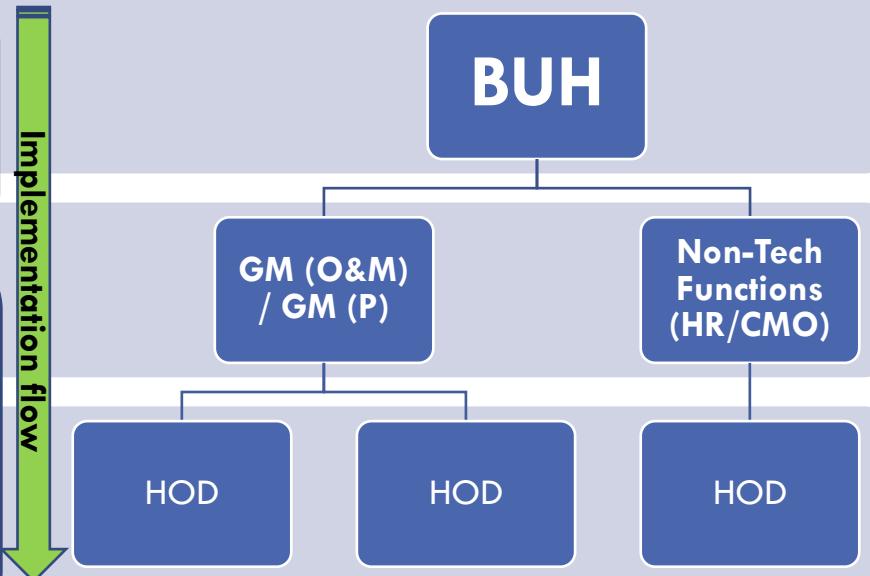

# KEY FOCUS AREAS: SAFETY

**Business Unit Head (BUH):**

- Implementing this policy through LMIs
- Ensuring identification and display of all hazards
- Establishing cross-functional team for internal audits.
- Making employees accountable for working safely

**Head of Departments (HODs):**

- ❖ Identification, reporting & dealing hazards by EICs
- ❖ Cordonning of unsafe areas & reporting unsafe conditions by EICs
- ❖ Training of workers and awareness about the hazards
- ❖ Deployment of relevant safety equipment by the contractor
- ❖ Co-operation by all with management and observe rules and procedures .

## TOOLS: IMPLEMENTATION

FOCUS ON LEAD INDICATORS	REINFORCING OWNERSHIP	STRENGTHENING OF PROCESSES & SYSTEMS	CAPABILITY DEVELOPMENT	AUDITS, VISITS & PROMOTIONS
<ul style="list-style-type: none"> <li>• Pep Talks/TBT</li> <li>• Capturing Deviations</li> <li>• Reporting Near Misses</li> <li>• Daily Random PTW Checking</li> <li>• Cross- Functional Teams (CFT)</li> </ul>	<ul style="list-style-type: none"> <li>• KOM: SURAKSHA MITRA</li> <li>• HOD &amp; HOP enhanced involvement</li> <li>• Routine &amp; Surprise site visit by HODs/ROs</li> <li>• Swearing-In Ceremony/Incident Recall</li> <li>• Zone Leader- Role clarity</li> </ul>	<ul style="list-style-type: none"> <li>• SURAKSHA App</li> <li>• SAP Integrated Safety Framework</li> <li>• OD/OGNs/LMIs</li> <li>• Safety Dashboards</li> <li>• HOP Review as per standard Format</li> <li>• PMS- Safety KPIs</li> <li>• Accident Examination &amp; Recommendation Compliance System (AERCS)</li> </ul>	<ul style="list-style-type: none"> <li>• Employee Training</li> <li>• Auditor development programme</li> <li>• Job specific training module (Contractor's Workers)</li> <li>• SURAKSHAVALI</li> <li>• ISO 45001 Certification</li> </ul>	<ul style="list-style-type: none"> <li>• External Safety Audit through reputed agencies</li> <li>• Internal Audits</li> <li>• Surprise Site Visits</li> <li>• Theme based Safety Observance</li> <li>• Short films /audio clips</li> <li>• Safety Pledge &amp; Policy- Acceptance</li> </ul>

NTPC  
SAFETY  
FRAMEWORK

Integrated with SAP

# SAFETY FRAMEWORK

- SFW is designed as the tool that translates policy into action.
- SFW is an evidence-based system that standardizes the consistency of effort across a large and distributed organization like NTPC.

SFW streamlines and strengthens the ongoing efforts to make NTPC a safer workplace.

- The unique feature of the SFW is its deep integration with the SAP ERP

## ■ Safety Policy

- Objective to provide safe working environment & strive for zero incident at work
- Accountability at all levels for safety which is to be visibly demonstrated
- Acceptance by all

## ■ Safety Framework

- Component-1: Safety policy & objectives (6 elements)
- Component-2: Safety risk management (4 elements)
- Component-3: Safety assurance (6 elements)
- Components-4: Safety promotion (3 elements)

## ■ Systems in place for implementation like LMI, PTW, JSA, SOP, SMP

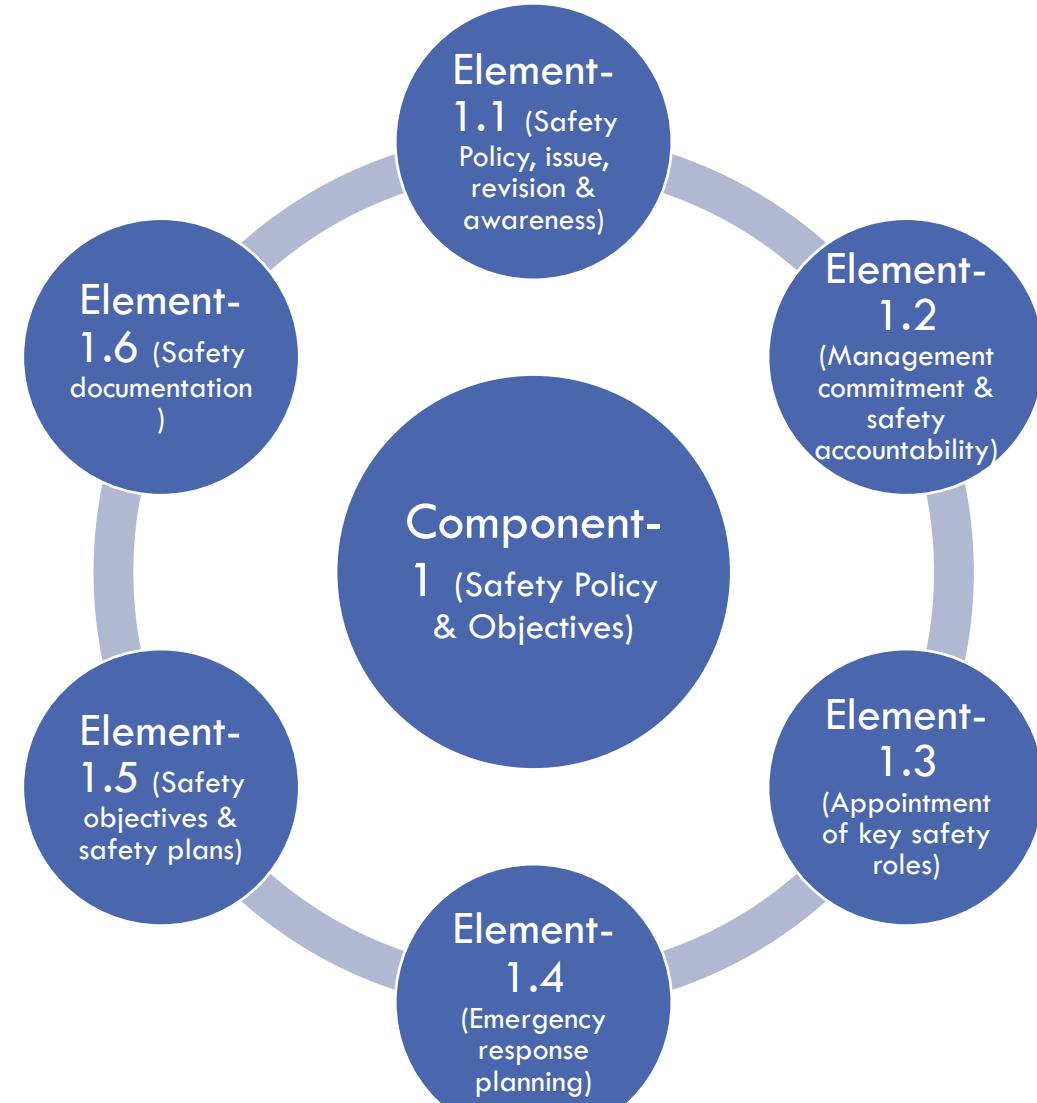

- 7 OD / 7 OGN

## ■ Standard Training Modules for Contract Workers

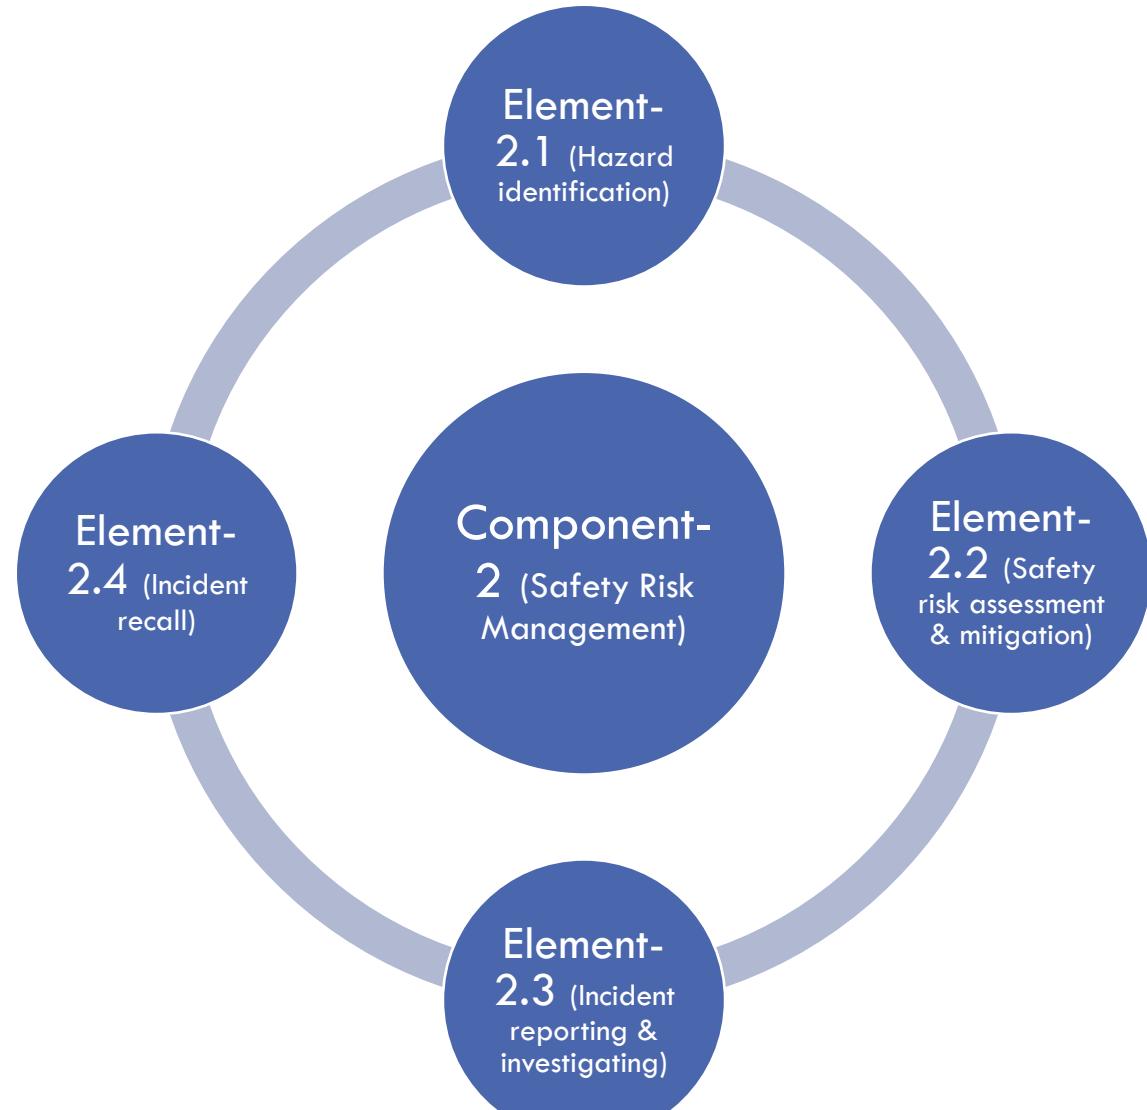

- 23 modules including induction & excluding first aid

# CEO Water Mandate

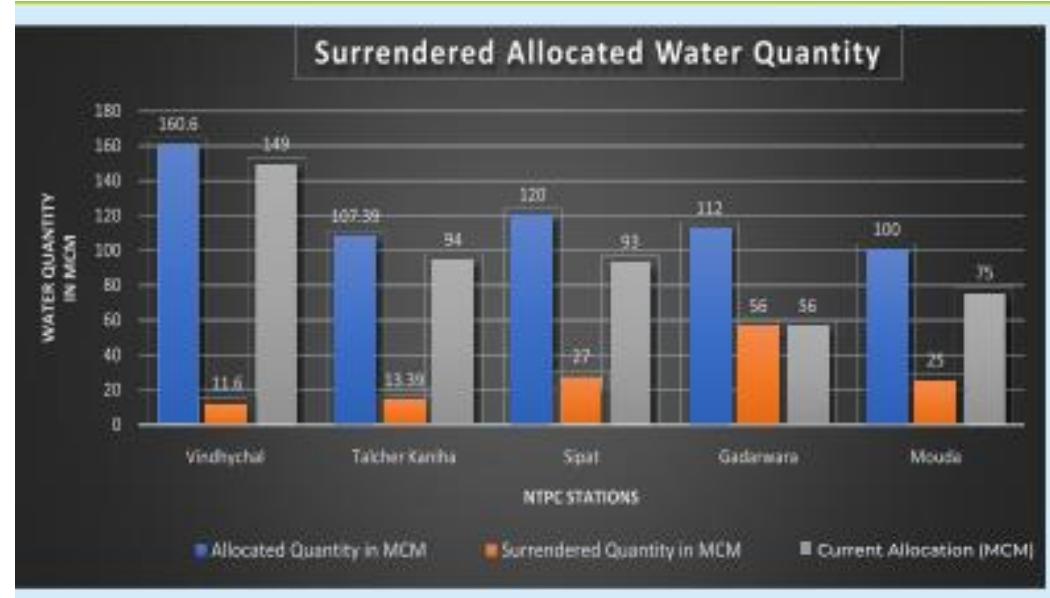

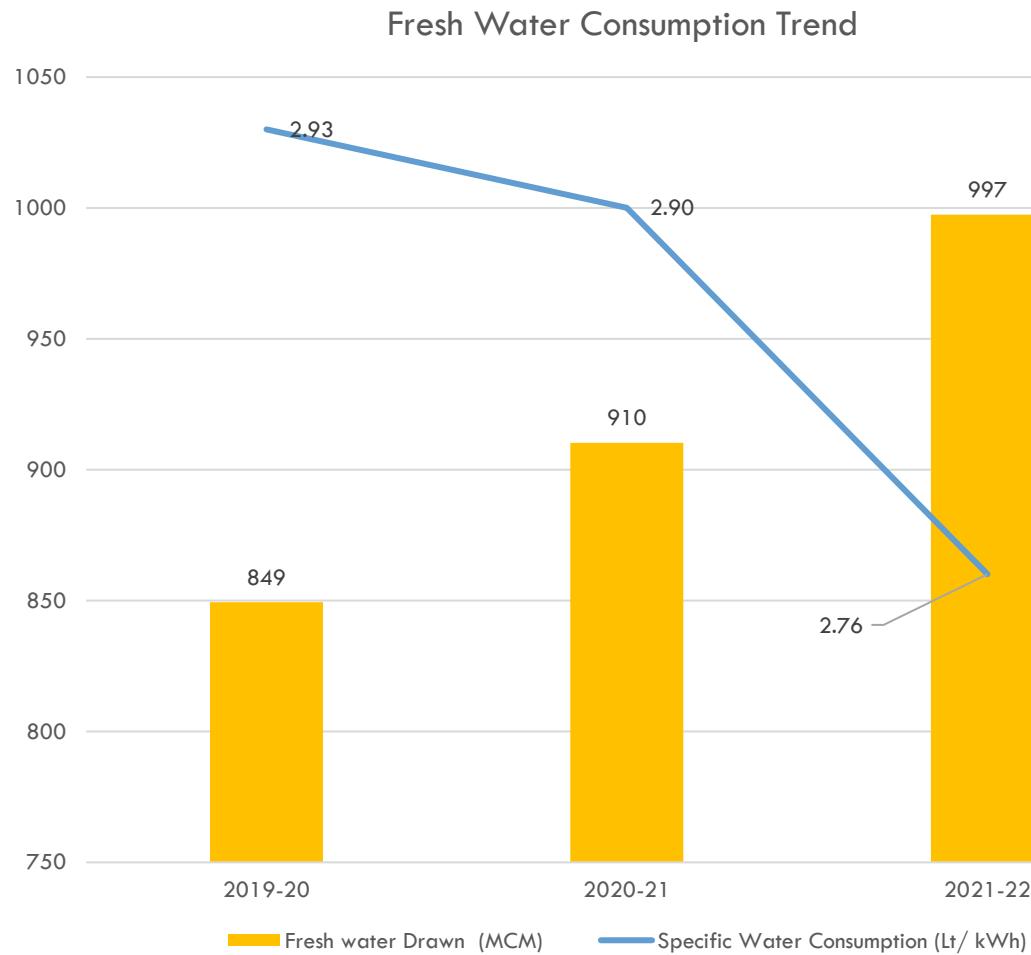

NTPC has became signatory of CEO water mandate on 23.03.2021, which is a highly collaborative partnership between the United Nations Global Compact, the Government of Sweden and a group of committed companies and specialized organizations dealing with the problems of water scarcity and sanitation. CEO Water mandate is designed as a private-public initiative with a focus on developing strategies and solutions to contribute positively to the emerging global water crisis.

The CEO Water Mandate is a UN Global Compact initiative that mobilizes business leaders on water, sanitation, and the Sustainable Development Goals. Endorsers of the CEO Water Mandate commit to continuous progress against six commitment areas of stewardship and in so doing understand and manage their own water risks.

# Specific Water Consumption

# Water: Technological Innovations

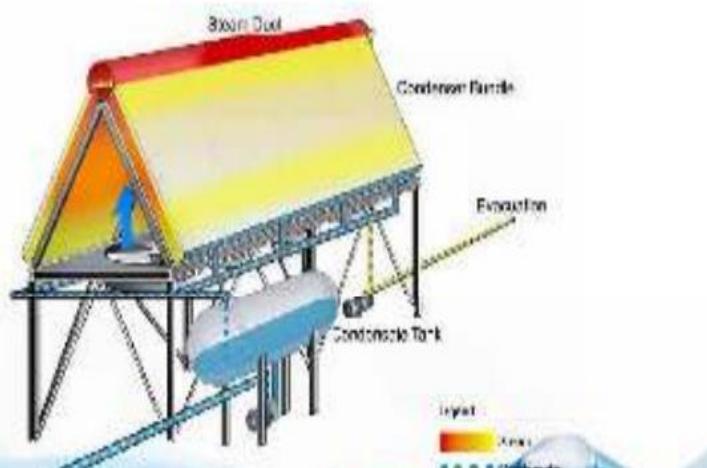

## AIR COOLED CONDENSER

In water scarce and water stressed areas, Air Cooled condenser (ACC) is a good option to improve feasibility of setting up a power plant. NTPC has been path finder in this regard by adopting ACC based super critical units in North Karanpura (3x660 MW) and Patratu (3x800 MW).

Exhaust steam from the Turbine is led through Steam Duct to the Air-Cooled Condenser where it is distributed into finned tubes configured in A-frames for condensation.

Air is circulated by the cooling fans over the finned tubes. For higher size units' single row, flat carbon steel tubes with Aluminum fins are used. ACC for a typical 660 MW unit consists of about 80-100 nos of Fan Modules. Footprint of ACC is about "125m x 100m" with height of Fan deck and Top Steam duct as 40m and 70m respectively.

Saving of water in Air cooled condenser is approx. 63% in comparison to water cooled condenser.

## HIGH CONCENTRATION SLURRY DISPOSAL SYSTEM

In conventional Lean Concentration Slurry Disposal (LCSD) System ash is disposed in ash dykes as lean slurry. This system have limitations/disadvantages on account of higher amount of water requirement, vast land requirement etc.

High Concentration Slurry Disposal (HCSD) Systems is a modern technique of disposing fly ash from thermal power plants to ash pond. In HCSD, Ash slurry is produced at a concentration of 60% to 75% of ash by weight and pumped through piston diaphragm slurry pumps to disposal area. The mixture behaves like semi solid and a non-newtonian fluid. The disposal of this highly viscous and nonnewtonian fluid requires special type pumps.

In HCSD system, water consumption is reduced. Water requirement is about 1/10 as compared to LCSD. HCSD system requires less land for disposal of fly ash. Specific energy consumption is also reduced.

NTPC Gadarwara

# Water: Technological Innovations

# Waste Management in NTPC Premises

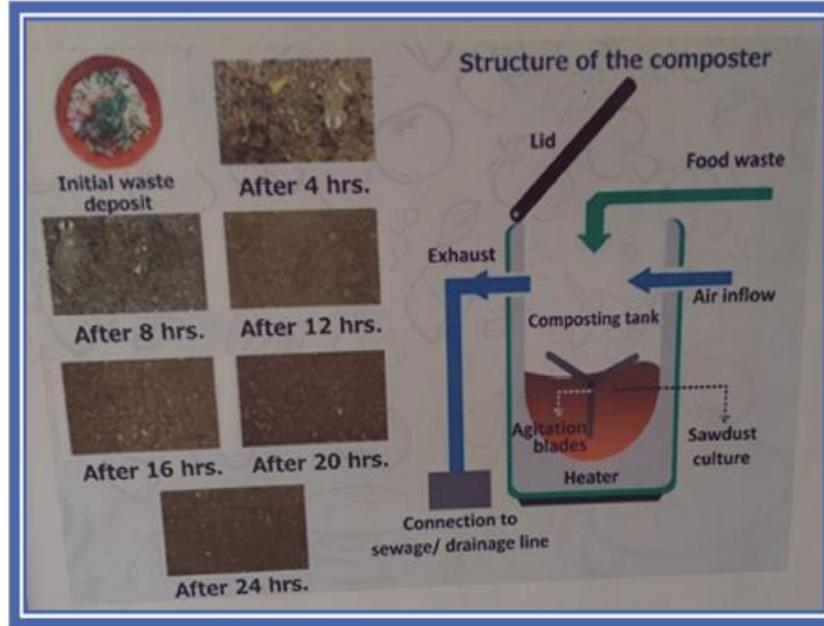

## Vermi Composting

Organic Waste Converter Machine at NTPC Kudgi (Ref PO no. 4600048276)

Composting Machine “Foodie” at NTPC Talcher Kaniha

# Waste Management in NTPC Premises

Bio Methanation Plant at NTPC Sipat ( Ref Po. No.5500016609)

BioPellets from Dry Leaves- NTPC Dadri
